### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Byron Kuzara on 8/18/06.

The application has been amended as follows: The claims have been amended as on the attached pages.

In the title, --Method of making—has been added before "Footwear".

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or fairly suggest a method of making a fluid-filled chamber for an article of footwear wherein a parison is placed between two mold halves, the mold halves are closed so that a parting line forms around the majority of the parison, i.e. portions of the parison are outside the desired final product, and excess material outside the parting line is removed wherein the parting line extending from a first surface of the parison to a second surface of the parison. This is considered to require a surface of some sort connecting the first and second sides so that the parting line can extend from one side to the other. Regarding claim 32, the prior art of record does not teach or fairly suggest a method of making a fluid-filled chamber for an article of

footwear wherein a parison is placed between two mold halves, the mold halves are closed so that a parting line forms around the majority of the parison, i.e. portions of the parison are outside the desired final product, and excess material outside the parting line is removed wherein the mold has protrusions and indentations on the two mold surfaces that interlock to form the sidewall of the chamber in the mold, effectively forming a parting line which is not flat.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
